AAA-LUX®
TRIPLE A LIGHTING

SMART. FLEXIBLE. LED.

This program represents teamwork for enduring quality to cherish the confidence of our respected customer.

AAA-Service Quality & Service Program

For an impeccable usage of our LED lighting products, quality and service are key. The basic product design is not the only thing to play a key role in the wellbeing of our equipment. The environment, the infrastructure and usage of the lighting system, have a vital influence.

Protecting the equipment to prevent issues from happening, is a responsibility of us all and for this AAA-LUX makes information, tools and support available. And in the event a service request does occur, we offer a combined package of after sales services and logistics, for fast and accurately response.

Currently AAA-Service is package deal concept consisting of 3 services:

1 Warranty
